FISCAL ANALYSIS

ASSUMPTION

Officials with the **Department of Elementary and Secondary Education (DESE)** and **Department of Public Safety – Missouri State Highway Patrol** assume this proposal would have no fiscal impact on their agencies.

Officials with the **Department of Revenue (DOR) – Division of Motor Vehicle and Drivers Bureau (DVSB)** anticipate this proposal would have fiscal impact on their agency. Based upon enrollment and high school withdrawal statistics provided by DESE, DOR assumes in FY05 (10 months) a total of 6,130 school withdrawals, 50% of which will comply prior to suspension. Of the other 50%, DOR assumes 90% will apply for reinstatement. This will necessitate a half-time Clerk Typist II to process the workload. Additionally in FY05, required correspondence created by this legislation for suspension and reinstatement notice (and the necessary postage) will cost \$4,469. DOR adjusts the total school withdrawals upward 3% in FY06 and FY07 to calculated the corresponding costs in those years.

Additional revenue will be generated as a result of the \$20 reinstatement fee to be paid by reinstatement applicants. DOR assumes 2,759 reinstatements in FY05, 3,410 reinstatements in FY06, and 3,512 reinstatements in FY07. Of this revenue, 75% is dedicated to the Highway Fund, 15% to counties, and 10% to cities.

ASSUMPTION (continued)

This legislation will require changes and testing for the Over the Counter (OTC) driver license issuance system. Additionally, changes and testing will be required for the systems that support the OTC system, such as the Missouri Driver License (MODL) system, the Central Driver License Information System (CDIS), and the Missouri Taxation and Accounting System (MTAS).

For FY05, 480 hours of MODL/CDIS programming at an overtime rate of \$25 per hour and 960 hours of MODL/CDIS programming at an overtime rate of \$23 per hour will be required. Also required in FY 05 will be 100 hours of contracted OTC programming at a rate \$100 per hour and 720 hours of testing at an overtime rate of \$23 per hour.

This legislation would also require changes to the Missouri Driver Guide, the Uniform License Issuance Manual (ULIM), and the DOR web site, but DOR indicates that those changes could be made using existing resources.
